## READING COMPREHENSION

Read the text and answer the questions below.

In a nice forest, all the animals came together for Thanksgiving. Squirrel brought nuts, Rabbit brought carrots, and Bear, who was sleepy, brought jars of honey. They put everything on a big leaf for a table and took turns saying what they were thankful for. Owl, who was very wise, spoke last and said, 'I am thankful for our friendship!' Under the stars, they all agreed it was the best Thanksgiving ever and promised to meet again next year.
